REASONS FOR ALLOWANCE

1. Claims 1 and 3-16 are allowed over the prior art of record.
2. Claim 2 has been cancelled.
3. The following is an examiner's statement of reasons for allowance: **The IDS filed on 8/16/2007 has been considered.** The Applicant arguments filed on 11/22/2006 with respect to claims 1 and 3-16 are persuasive. The amendments entered on 4/18/2007 have been considered and the claims remain allowable. The feature of independent claims 1, 10, 11, 12, 15, and 16 directed towards allowable subject matter is the electroluminescent device having a driving transistor and switching transistor and setting and resetting step with a first and second sub horizontal period. The prior art of record, Yamazaki (366), teaches of said driving and switching transistor however said set and reset within the sub horizontal period as claimed is not taught. Yamazaki (366) also fails to specifically teach of said electroluminescent feature. Further, Yamazaki (656) fails to teach of said driving transistor as well as possessing the set and reset step with respect to said drive transistor as claimed. Yamazaki merely provides for a switching transistor. As argued by the Applicant Yamazaki (366) and Yamazaki (656) are not properly combined. Therefore said features of claims 1, 10, 11, 12, 15, and 16 in combination with the other limitations of the claims make said claims 1 and 3-16 allowable over the prior art of record.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **David L. Lewis** whose telephone number is **(571) 272-7673**. The examiner can normally be reached on MTWTHF from 8 to 5.
